EXMO. SR:
DEILDO NUNES PEREIRA
DD. PRESIDENTE DA CÂMARA MUNICIPAL

O Vereador que esta subscreve, representante do povo nesta Casa Legislativa, vem, através deste, requerer a V. Exa., ouvido o plenário conforme a legislação em vigor, o envio desta solicitação ao Exmo. Senhor Prefeito Municipal.

Reitero requerimento feito no dia 18 de fevereiro de 2019, para que seja realizado a manutenção nos acessos aos bairros Campestre, Tamanduá, Correias, Pipa e Pedrão, conforme fotos em anexo.

JUSTIFICATIVA

Recentemente a prefeitura ordenou serviços de manutenção em trechos dos referidos bairros, no entanto, o que foi feito apenas atenuou de forma paliativa a precária situação das estradas ali existentes. Com as recentes chuvas, sem a devida correição com a realização de saídas d'agua, colocação de bueiros, cascalhamento e limpeza do mato, os velhos problemas voltaram, como a concentração de barro e reaparecimento de buracos, que tanto prejudicam a trafegabilidade.

As fotos em anexo podem orientar a equipe de manutenção, pois apontam alguns dos pontos críticos identificados em visita in loco realizada.

Por fim, não é demais lembrar que a população destes bairros clama há muito tempo pela manutenção destes trechos, sendo inclusive objeto de diversos requerimentos nesta casa de autoria de quase a totalidade dos vereadores. Este requerimento inclusive, é reiteração de pedido feito por este vereador nas sessões ordinárias dos dias 17 de dezembro de 2018, e de 18 de fevereiro de 2019.

Câmara Municipal de Pedralva, 22 de abril de 2019.
